

Axis Mundi Setlist

Every announced set, merged into one schedule. Days run noon to noon, the way the guide and the flyers do — a 5am set belongs to the night before.

Orbit & Parra for Cuva — collaborative LIVE set

7:00pm (guide says 7:30pm)

Robot Heart @ Apotheneum, the Cube

Robot Heart's only published slot of the week, and a live collaboration rather than a DJ set. Jo.Ke follows at 9pm. Parra for Cuva plays solo live twice more — Thu 7pm on the Favela art car and Fri 5:30am closing Playground.

Black Rock Philharmonic

4:00pm Center Camp • 5:00pm Gothic Folly

two listings for the same afternoon

The RSL guide puts them at Center Camp at 4pm; the orchestra's own flyer says 5pm at the Gothic Folly in deep playa. Treat the deep-playa one as the real event and Center Camp as the earlier warm-up — but check the board when you're out there.

INFECTED MUSHROOM — sunrise set

5:30am (Thu morning)

Nova Heaven, deep-playa music zone • art cars Favela + Bipolar Express

The whole night builds to it: Mary Mesk b2b Du Serena 11pm, Doozie 1am, Vintage Culture b2b OMRI. 2:30am, Anna 4am, then Infected Mushroom at first light and Wrecked Machine vs Vermont to 8:30am.

LP Giobbi with a string quartet

5:00am b2b Deer Jade → 7:00am solo

Robot Heart, deep playa

She is premiering new music in the 7am solo half hour, with live strings. This is the quiet, strange, beautiful version of a sunrise set.

Tycho

4:45am bike procession at 10 & G → 5–9am

¡AXOLOTL! art car at the Trash Fence

Also running as a Tycho Sunrise on BAAHS 5–8am in deep playa.

Wednesday sunrise is a three-way pull: Infected Mushroom (Nova Heaven), LP Giobbi + strings (Robot Heart), and Tycho (trash fence). All three are deep playa. Pick one and commit — Nova Heaven and Robot Heart are both in the DMZ, so those two are the pairable ones.

Thursday • Sep 3

Black Rock Philharmonic — Dies Irae, with the Playa Choir → PULSE

5:30pm listening party • 6:00pm concert • 7:00pm PULSE

aboard Titanic, deep playa • art car Bipolar Express

Their traditional Thursday concert, choir and all, and then straight into PULSE — a new electronic-orchestral sunset set by Meir Briskman with Oi (Omer Inbar) and Mosko DJing over the orchestra, in an Arabian Nights arrangement. Orchestra into sunset into house, one continuous thing. This is the one to bring people to.

Parra for Cuva — solo LIVE

7:00pm

Favela art car, 09:45 & I

Direct conflict with the Philharmonic. Take the Philharmonic — you catch Parra for Cuva Wednesday at Robot Heart and again Friday at 5:30am.

Nora En Pure

12:30am

Opulent Temple, Esplanade & 10:00

Spencer Brown 11pm, Nora 12:30am, Marten Lou 2:30am, Obie Fernandez sunrise at 6am. A stay-put night if you want a real dance floor.

Rodriguez Jr.

2:00am

Twilight language, 10:00 & I

Mobilee, plays hardware live. Igor Marijuana follows at 3:30am.

Mahmut Orhan b2b Francis Mercier • Gordo b2b Marten Lou

from 10:00pm

Playground — Arrival Stage “Afrika”, 2 & C

Goldfish closes it. The heaviest single night at Playground before Friday.

Friday • Sep 4 — the big one

MONOLINK — sunset set

7:30pm

Robot Heart, aboard Titanic

He is here after all. Sunset on the Titanic with Robot Heart, then again at 5am (see below). This was never in the RSL guide because Robot Heart doesn't publish there.

Häana — “Midnight Sun”, feat. Metamorphosis Ballet x Luther Frank

11:00pm – 12:30am

Apotheneum (the Cube)

A 90-minute cinematic electronica piece performed live on violin, vocals, synths and electronics, staged with avant-garde ballet inside a 40' architectural installation running 26,000 programmable LEDs, with custom lighting by Luther Frank. It premieres here. Govinda's live violin set at Buddha Lounge is at the same hour — this is the rarer booking.

JAN BLOMQUIST — LIVE

in the 22:00 “We Are Live” run, roughly 1–3am

Playground — Arrival Stage, 2 & C

A genuinely live night: Double Touch, Orbit, Natascha Polké, Blomqvist, then Santiago Garcia and Xinobi, with Parra for Cuva closing live at 5:30am. Playground did not publish exact slot times.

MONOLINK — sunrise set (hybrid)

5:00am Saturday

Long Feng, 10 & K

Same night, second set, this one at first light. Seth Schwarz plays live earlier at 11pm and Mahmut Orhan is also on the bill.

Nova Heaven — the 06:29 Ceremony

6:29am, into Sasi b2b Captain Hook to close

Nova Heaven, deep-playa DMZ · art cars Eden, Favela, The Giving Tree, Saboku

The Ascension / 6:29 Memorial Celebration. YØU&I 11pm, Nevos midnight, Club de Combat 1:30am, Kimonos 3am, Rafael 4:30am, then the ceremony at 6:29 and psytrance to close. If you want one moment on this playa that isn't a party, this or the Temple is it.

Mahmut Orhan b2b Arodes

1:30am

Opulent Temple — Cosmic Dance, Esplanade & 10:00

If you skip Playground, this is the melodic alternative. Major Trouble & Nisene close at sunrise.

Black Rock Philharmonic at the Temple

9:00am Friday

The Temple / Temple of the Moon

Morning, before any of the above. Worth setting an alarm for.

Lost Desert · Sam Shure

2:00pm

Playground — Dune Lounge “Melodica”, 2 & C

Daytime, shaded, exactly your genre. Good way to start a night this long.

Friday is unwinnable in full. A workable route: 9am Philharmonic at the Temple → nap → 2pm Melodica at Dune Lounge → 7:30pm Monolink on the Titanic → 11pm Håana at the Cube → ~1–3am Blomqvist at Playground (2 & C, next door to the Cube run) → 5:00am Monolink at Long Feng (10 & K) OR 5:30am Parra for Cuva back at Playground → 6:29 ceremony at Nova Heaven if you have anything left.

Earlier in the week

Lost Desert

10:30pm Tuesday

Deoxidized, 2:00 & D

Crosstown Rebels / All Day I Dream. He also plays Wed 3pm at The Sound Garden and Fri 2pm at Dune Lounge.

Roy Rosenfeld b2b Vanjee → LP Giobbi

12:30am / 2:30am Tuesday night

Nova Heaven, deep playa · art cars TRION + Forest House

Rafael then holds the sunrise from 4am to 8am.

Michael Bibi

sunrise slot, Wednesday night

Long Feng, 10 & K

Mike Posner opens hybrid at 11pm, Major Lazer mid-night.

LP Giobbi + Rodriguez Jr. on grand piano

7:00–7:45pm Monday

Above the Noise, near the Temple

Improvised, acoustic, 45 minutes, the first night of the week. Almost nobody will be there.

The tail

Playa Choir

6:00am Sunday, repeats 11am at 6:00 & D

Temple of the Moon

Unaccompanied voices at dawn on Temple day.

Igor Marijuana · Lee Burr ridge · Rampue · Enamour

from 10:30pm Saturday

Playground – Arrival Stage “Man Burns”, 2 & C

Burn night, and the best-curated post-burn room in the whole set of flyers. Bender closes.
